Specific EPL licence monitoring conditions for noise	**Condition L3 - Noise limits** **Condition E2 - Out of Hours Works**		

Monitoring location	Number of times monitored during the month	Attended or continuous monitoring	Event based monitoring (Y/N)	Parameter eg. Laq (15min)	min value dB(A) for month	max value dB(A) for month	goals / targets dB(A)	Comment
1 Third Street	1	attended	Y	Leq 15min	45.2	45.2	51	Construction noise not audible at this monitoring location. Audible background noises include vehicles on public roads and Flying Fox Roost Camp.
2 Factory Street	1	attended	Y	Leq 15min	52.4	52.4	51	Construction noise not audible at this monitoring location. Audible background noises included vehicles on public roads and Flying Fox Roost Camp. The Leq is above the modelled due to high background noise levels.
4 Seventh Street	1	attended	Y	Leq 15min	51.7	51.7	51	Minor works audible from this monitoring location, only plant movements. Audible background noises included vehicle movements on public roads, and birds along Duck River. The Leq is above the modelled due to high background noise levels.
225 Rawson Street	2	attended	Y	Leq 15min	62.3	68.2	62	Minor construction noise audible, however very high background noises audible on Rawson Street. These included high truck movements. The Leq is above the modelled due to high background noise levels.
