1. Introduction

M12RT will extend the M1 Pacific Motorway from Black Hill to the Pacific Highway at Raymond Terrace,

about 15 kilometres, bypassing Beresfield, Hexham, and Heatherbrae (refer Figure 2-1). M12RT traverses the City of Newcastle and Port Stephens Council local government areas (LGAs). The suburbs of Beresfield, Tarro, Heatherbrae, and Raymond Terrace are located to the north of the Project, with Black Hill, Hexham and Tomago located to the south of the Project.

M12RT will provide a critical link in the National Land Transport Network, particularly for the coastal Sydney to Brisbane corridor. M12RT includes the following key features:

- Black Hill: connection to the M1 Pacific Motorway
- Tarro: connection and upgrade (six lanes) to the New England Highway between John Renshaw Drive and the existing Tarro interchange at Anderson Drive
- Tomago: connection to the Pacific Highway and Old Punt Road
- Raymond Terrace: connection to the Pacific Highway.
- A 2.6-kilometre viaduct over the Hunter River floodplain including new bridge crossings over the Hunter River, the Main North Rail Line, and the New England Highway
- Bridge structures over local waterways at Tarro and Raymond Terrace, and an overpass for Masonite Road in Heatherbrae
- Connections and modifications to the adjoining local road network
- Traffic management facilities and features
- Roadside furniture including safety barriers, signage, fauna fencing and crossings, and street lighting
- Adjustment of waterways, including at Purgatory Creek at Tarro and a tributary of Viney Creek
- Environmental management measures, including surface water quality control measures
- Adjustment, protection and/or relocation of existing utilities
- Walking and cycling considerations, allowing for existing and proposed cycleway route access
- Permanent and temporary property adjustments and property access refinements
- Construction activities, including establishment and use of temporary ancillary facilities, temporary access tracks, haul roads, batching plants, temporary wharves, soil treatment and environmental controls.

The M12RT delivery strategy includes construction via two collaborative Design and Construct (D&C)

contracts:

- A southern D&C contract (known as Black Hill to Tomago) to deliver the southern 10 kilometres of M12RT, with an interface located at Tomago
- A northern D&C contract (known as Heatherbrae Bypass) to deliver the northern 5 kilometres of M12RT.

The JHGA JV will deliver the southern contract. This report covers works for that southern contract.

package works.

2. Environmental Protection Licence and Reporting Requirements

John Holland Gamuda JV obtained the Environment Protection Licence (EPL No. 21808) from the NSW Environment Protection Authority for the M1 Motorway Extension to Raymond Terrace – Black Hill to Tomago in September 2023. The licence is for construction works relating to Road Construction as defined under Schedule 1 of the *Protection of the Environment Operations Act, 1997* (POEO Act).

The licence describes monitoring and reporting requirements for construction works, and specifically as they relate to:

- Water discharge limits
- Noise limits

The following report details environmental monitoring undertaken during this reporting month conducted in accordance with the EPL.

The EPL can be found by following the link below to the EPA's website:

[ViewPOEOLicence.aspx \(nsw.gov.au\)](https://www.epa.nsw.gov.au/ViewPOEOLicence.aspx)

3. Water Monitoring

Cleanwater discharge occurred from 2 sediment basins following 79.8 mm rain during July. The following discharge water quality monitoring results as per Condition M2.3 were recorded.

Table 1. Sediment basin water quality monitoring results

Sediment Basin Number	Discharge Point Number	Date	Water Quality Monitoring Result		
			Turbidity (NT)	pH	Oil/Grease
3	BH2T_2	11/7/24	48.0	8.45	No
		12/7/24	39.0	7.96	No
		13/7/24	45.4	7.62	No
		15/7/24	48.9	8.44	No
		16/7/24	49.9	7.7	No
		18/7/24	49.7	8.17	No
		30/7/24	41.0	8.11	No
12	BH2T_10	12/7/24	26.1	7.49	No

4. Noise Monitoring

Noise monitoring was undertaken during the May 2024 reporting period. Construction noise monitoring results were above NML in most cases however due to background noise levels (heavy continuous traffic M1/New England Hwy/Pacific Hwy/Tomago Road) and inaudibility of construction noise at sensitive receivers were generally compliant during this period. Where the predicted noise level was exceeded, this was result of extraneous activities (traffic passing etc). Construction noise was in line with the predicted levels. Table 3 contains detailed noise monitoring results.

Table 2. Noise monitoring results

Monitoring Location (Noise Catchment Area, Street, Suburb)	Date	Time	Attended or Continuous Monitoring	Parameter	Goal/Target dB(A)	Actual dB(A)	Comments
NCA03 54 Weakleys Dr, Beresfield	30/7/24	11:10	Attended	Laeq 15 minute	76	70.9	Compliant. Constant flow of traffic along Weakleys Dr. No audible noise from site construction works.
NCA01B 14 Walter Pde Black Hill	30/7/24	10:40	Attended	Laeq 15 minute	47	54.7	Non-compliant - Heavy traffic flow New England Highway between receiver and Project site. No audible noise from site construction works.
NCA01A 19 Cahill Cl Black Hill	30/7/24	10:16	Attended	Laeq 15 minute	61	56.9	Compliant - Heavy traffic noise on M1. No audible noise from site construction works.
NCA04A 62 New England Hwy Tarro	30/7/24	11:40	Attended	Laeq 15 minute	61	76.9	Non-compliant - Heavy traffic noise New England Highway. No audible noise from site construction works.
NCA04B 24 Eastern Avenue, Tarro	31/7/24	7:44	Attended	Laeq 15 minute	55	56	Non-compliant - Heavy traffic noise along New England Highway. No audible noise from site construction works.
NCA05B 39 Anderson Dve Tarro	31/7/24	8:28	Attended	Laeq 15 minute	51	68.7	Non-compliant – Vehicle movements along Anderson Dr. No audible noise from site construction works.

Monitoring Location (Noise Catchment Area, Street, Suburb)	Date	Time	Attended or Continuous Monitoring	Parameter	Goal/Target dB(A)	Actual dB(A)	Comments
NCA05A 5 Anderson Dve Tarro	31/7/24	7:49	Attended	Laeq 15 minute	65	72.3	Non-compliant – Vehicle movements along New England Highway. No audible noise from site construction works.
NCA07 1 Woodlands Close Tarro	31/7/24	9:12	Attended	Laeq 15 minute	53	65.9	Non-compliant – Vehicle movements along New England Highway. Monitoring occurred 100m closer to construction works as to not disturb 1 Woodlands Cl resident.
NCA08 213 Maitland Rd, Hexam	31/7/24	11:42	Attended	Laeq 15 minute	51	79.6	Non-compliant – Vehicle movements along New England Highway. No audible noise from site construction works.
NCA09 838 Tomago Rd, Tomago	31/7/24	11:17	Attended	Laeq 15 minute	69.9	72	Non-compliant - Heavy traffic noise along Tomago Rd. No audible noise from site construction works.
NCA14A 2171 Pacific Highway, Heatherbrae	31/7/24	10:43	Attended	Laeq 15 minute	64	68.3	Non-compliant – Vehicle movements along Pacific Highway. No audible noise from site construction works.
